FAFSA Work Around Instructions

If you already have a processed FAFSA Submission Summary (formerly The *Student Aid Report*) submit that information in pdf format via email to scholarshipadmin@anchorscholarship.org.

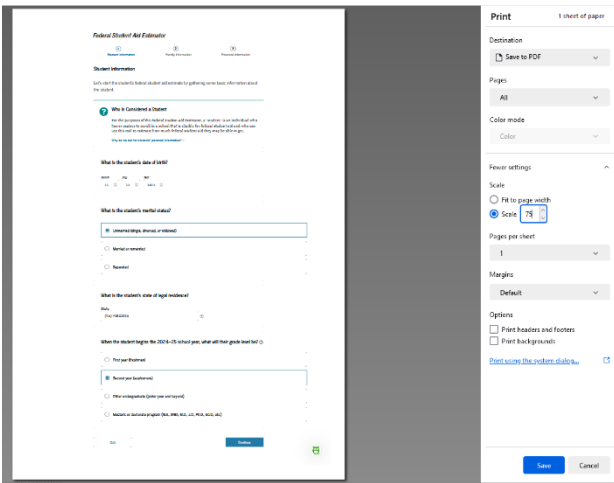

Due to the delays in the current FAFSA process the following work around may be used to prove the Student Aid Index (previously the Estimated Family Contribution[EFC]) for your Scholarship Application STEP II by the 1 April deadline.

Once your processed FAFSA Submission Summary is available, it should be submitted via email to scholarshipadmin@anchorscholarship.org (Even if it is after the 1 April deadline.)

Work Around:

Use the [Federal Student Aid Estimator](https://studentaid.gov/aid-estimator/) (<https://studentaid.gov/aid-estimator/>) Your date of birth and other information must match that in STEP I of your Anchor Scholarship application.

Prior to hitting the Continue button print the page in a pdf format so that your inputs can be seen:

Adjust the Scale so that each file is only one page. Name the file: i.e. Last Name-First Name FAFSA input#

Repeat for each step of the estimator, changing the # behind input in the file name to match the step, i.e. 1, 2, 3, Final
